Mother's Day Teapot Card

Materials Needed:

Cardstock

Scissors

Embellishments

Velcro Dots, Tape, or Glue Dots

Tea Bag

Ribbon, String, or Twine

This project is designed so that anyone can embellish it with their own style.

In the example, I used pink card stock and embellished the card using colored pencils. I added a flower embellishment and affixed it with a coordinating brad.

Directions: Print out the teapot and tea cup templates onto cardstock. To save time and ink, I printed mine onto pink cardstock. You can print it onto any color. Cut out the templates, making sure that you do not cut the teapot in half. You want both pieces to remain connected. After the teapot is cut out you can embellish it with flowers, stickers, pieces of fabric or ribbon, or anything else that you choose. After the teapot is decorated, fold it in half. Making sure that you have the 2 teapot sides matching up. Punch a hole with the tip of your scissors just under the teacup handle, and on the spout of the teapot. Connect the 2 pieces with ribbon or string as shown in the sample. The final step is to affix a tea bag on the inside of the card.
